2024 Micro-Wedding Package and Price Sheet

The Barn at Stratford is owned and operated by the Delaware County Historical Society. We are an independent nonprofit with a mission of preservation and education. Booking your event in our barn helps with the preservation of this magnificent structure for generations to come.

This homestead is one of the oldest and most complete pioneer homesteads in Delaware County. The 1820s Meeker house is currently used for a museum and the 1848 barn is available for events. Our beautiful grounds and stately buildings offer a venue site like no other in central Ohio.

Why choose a Micro-Wedding?

We understand the many reasons couples choose a micro-wedding and we are here to accommodate you.

The Barn at Stratford will provide you a 4-hour block of time to include photos, getting ready in the bridal suite, your ceremony, couple and guest photos, a cake to serve 30, white and ivory neutral flowers for the couple.

This inclusive package is designed to accommodate intimate groups for special moments. Celebrating a micro-wedding with The Barn at Stratford allows couples to take advantage of our beautiful historic property with less stress, and an affordable price.

Recently, in an article detailing the popularity in micro-weddings, TheKnot.com states: “A smaller wedding and fewer expectations allows you to be more flexible and creative. You’re free to change things up.”
