Private & Corporate Event Rates

The Barn at Stratford is owned and operated by the Delaware County Historical Society. We are an independent nonprofit with a mission of preservation and education. Booking your event in our barn helps with the preservation of this magnificent structure for generations to come.

This homestead is one of the oldest and most complete pioneer homesteads in Delaware County. The 1820s Meeker house is currently used for a museum and the 1848 barn is available for events. Our beautiful grounds and stately buildings offer a venue site like no other in central Ohio.
